

main det weighted - burstwise reference eigenvector regression - allpms - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbps - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbps - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbps - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allpms - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbps - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allpms - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allpms - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbpm - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbpmns - cor per monitor, ppb

main det weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpmns - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpm - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpm - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpmns - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpm - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpm - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb

local err weighted - burstwise reference eigenvector regression - allbpms - cor per monitor, ppb
