The figure consists of five scatter plots arranged horizontally, each showing the difference between BPM4 and ESO data for a specific parameter. The plots are titled: **diff_bpm4aX**, **diff_bpm4aY**, **diff_bpm4eX**, **diff_bpm4eY**, and **diff_bpmE**. Each plot has a y-axis ranging from -4000 to 4000 and an x-axis representing the difference in micrometers (um). The data points are densely clustered around zero, indicating a high level of agreement between the two datasets.
