The figure consists of five scatter plots arranged horizontally, each showing the distribution of difference in BPM (diff_bpm) for a specific parameter. The y-axis for all plots is labeled 'diff_bpm' and ranges from -10000 to 10000. The x-axis for each plot is labeled 'diff_bpmX/um', 'diff_bpmY/um', 'diff_bpmX/um', 'diff_bpmY/um', and 'diff_bpmE/um' respectively. The plots show a dense cloud of points centered around zero, indicating that the difference in BPM is small and centered around zero for all parameters.
