The figure is a 2D density plot titled "asym_atr2". The x-axis is labeled "asym_atr2" and ranges from -0.01 to 0.01. The y-axis ranges from -0.01 to 0.01. The plot shows a strong positive correlation between the two variables, with a color scale indicating density from 0 to 220. The highest density (yellow) is concentrated along the diagonal line where the two variables are equal.
