asym_atr2

The figure is a 2D density plot titled "asym_atr2". The x-axis is labeled "asym_atr2" and ranges from -0.04 to 0.04. The y-axis is unlabeled but also ranges from -0.04 to 0.04. The plot shows a strong positive correlation between the two variables, with a diagonal band of high density (yellow/orange) extending from the bottom-left to the top-right. A color scale on the right indicates the density, ranging from 0 (dark blue) to 450 (yellow).
