asym_atr2

A scatter plot titled "asym_atr2". The x-axis is labeled "asym atr2" and has major tick marks at -0.05, -0.04, -0.03, -0.02, -0.01, 0, 0.01, 0.02, 0.03, and 0.04. The y-axis has major tick marks at -0.04, -0.03, -0.02, -0.01, 0, 0.01, 0.02, and 0.03. The plot contains a very dense cloud of points, primarily concentrated in a circular region centered at the origin (0,0) with a radius of approximately 0.02. The density of points is highest in the center and decreases towards the edges of the cloud. There are a few scattered points outside the main circular cluster.
